

To whom it may concern,

Türkiye Health Care Quality and Accreditation Institute (TÜSKA), has been carrying out survey activities to ensure the improvement of the quality of health services at the international level since 2015. It is an independent organization and related to the Türkiye Ministry of Health.

TÜSKA is a member of ISQua (The International Society for Quality in Healthcare), the umbrella organization of quality and accreditation activities in the world. TÜSKA performs its activities with the motto "We are everywhere where health is the subject...". **TÜSKA SAS Accreditation has the same international validity with organizations such as Joint Commission International (JCI), Temos, Accreditation Canada, Global Healthcare Accreditation etc. that are members of ISQua.**

The main fields of activity of TÜSKA are; accrediting health institutions at national and international level, making scientific contributions to the Ministry of Health, making mutual recognition agreements with international and regional accreditation associations and organizations and accreditation institutions of other countries.

TÜSKA, which conducts its activities with the vision of "to be the leading institution that guarantees quality in health in the national and international arena", is Türkiye's international brand in the field of quality and accreditation in health services.
